- Complete website projects with the team using the Scrum method

INVESTREE   **Jakarta, Indonesia**
Project-Based Intern : Fullstack Developer Virtual Internship Experience   **Aug 2022-Sep 2022**

Completing tasks related to Fullstack Developer from Investree, such as PHP, PHP Framework, Authentication, Code Security, Optimization & Cleanup, SQL Database, RESTful API, Quality Function Deployment, with Problem Solving capabilities

EDUCATION

GUNADARMA UNIVERSITY   **Depok, Indonesia**
S1 Informatics Engineering   **Sep 2021-Now**

SMAN 9 DEPOK   **Depok, Indonesia**
SMA IPA   **Jul 2016-Aug 2019**
- Successfully graduated at SMAN 9 Depok with a final score of 83.30

ACTIVITIES

GUNADARMA I/O   **Depok, Indonesia**
Academic Division Lead   **Sep 2023-Now**

Organized and managed over 10 technical workshops and seminars, empowering more than 80 students with cutting-edge skills in software development and emerging technologies. Additionally, I led the execution of a major coding competition, engaging over 50 participants and fostering a competitive spirit within the student community

GUNADARMA I/O   **Depok, Indonesia**
Chief Executive Codefest 02   **Dec 2023-Jan 2024**

led the organization and execution of Codefest 02, a competitive programming event at Gunadarma University, managing over 30 participants. I facilitated feedback sessions, achieving a 95% positive feedback rate and establishing Codefest 02 as a flagship event for the Gunadarma I/O community. Additionally, I fostered partnerships with 2 external companies and over 5 university organizations

PEMIRA FTI UG   **Depok, Indonesia**
Vice Chairman Committee   **Aug 2023-Sep 2023**

Ensured a fair election for the Faculty of Industrial Technology's leadership. I organized the Transition of Authority ceremony, validated by the Deputy Dean III, and facilitated platforms for candidate campaigns, promoting transparency. Additionally, I led coordination meetings with student organizations to ensure the seamless execution of the event
